

THE ABS-CH AND THE SECRETS OF THE NAÇOYA PROTOCOL

Mock exercise on how to register a checkpoint communicate in the ABS-CH

After conducting research and development on the magic composition of the Sopophorous beans, Harry User decides to write a manuscript and publish it in the main journal of Wizards Kingdom. The paper is co-authored by the visiting student from the Magic Studies department of the Middle-earth University, the elf Arwen Undomiel (Rivendell, arwen@middle-earth.com, +5-555-555)

Arwen Undomiel is following the process for getting the paper published at the Wizard World Review.

Wizard World Review asks Arwen for information on prior informed consent, the source of the genetic resource, the establishment of mutually agreed terms, and/or the utilization of genetic resources.

On October 12 2014 Arwen provides one of the following types of information:

- The IRCC
- The national permit

Instructions for the exercise:

-Complete the common format on information for the checkpoint communicate with the information provided. You can complete the format on the basis of the IRCC entered for the previous exercises or based on the information about the national permit.
